

Requirements Coverage by User Stories

1. Main page

For companies

The main page landing. Contains info for recruiters about our product. This page should motivate recruiters to go to the list of candidates and sign up.

❑ HMTPKK-25: As a recruiter, I want to navigate easily to the list of candidates so that I can start the recruitment process quickly. USER STORIES TO TEST DESIGN ✓

The page should contain a comparison with other resources, quotes from the CEO, and logos of partners.

❑ HMTPKK-24: As a recruiter, I want to see partner logos displayed on the page so that I can verify the platform's credibility. USER STORIES TO TEST DESIGN ✓

For engineers

Default main page for all users. Should contain a form for registration by email and social networks (Google, LinkedIn, GitHub), and links to Jobs and Web3 companies.

❑ HMTPKK-27: As a non-logged-in user, I want to see the registration form instead of the app banner so that I can sign up immediately. USER STORIES TO TEST DESIGN ✓

Authorized users should have a banner with the ad of the mobile app instead of a sign-up form.

❑ HMTPKK-26: As a logged-in user, I want to see a banner promoting the mobile app instead of the sign-up form so that I can download the app and use the platform on mobile. USER STORIES TO TEST DESIGN ✓

At the very bottom of the page, there should be at least 10 feedbacks from real users

❑ HMTPKK-65: As a user, I want to see on the main page feedbacks from real user so that i can be more sure that my expectations are going to be covered USER STORIES TO TEST DESIGN ✓

2. Candidates list

The list of candidates should look like a list of cards with info about a candidate.

❑ HMTPKK-28: As a user, I want to see candidates displayed as cards with brief information so that I can quickly review multiple profiles at once. USER STORIES TO TEST DESIGN ✓

Filters

Filters could be seen by any user, but only authorized users should be able to use them (unauthorized should be able to sign in/sign up by hovering over the filters section)

Available filters should be:

- Role;
- Technologies;
- Desired base salary (annual/monthly);
- English level;
- Candidate's location (Timezone/ Country and City)

❑ HMTPKK-29: As a authorized user, I want to view available filters (role, technologies, desired postion, salary, English level, and location) so that I can find a candidates which i look for.

USER STORIES TO TEST DESIGN

Candidates and Candidate profile

Each candidate card should contain a short description of the candidate's skills and achievements. Click on the "Show experience" should open all candidate's experiences

❑ HMTPKK-30: As a recruiter, I want to see a short summary of each candidate's skills and achievement s on their card so that I can decide whether to view more details. USER STORIES TO TEST DESIGN ✓

The recruiter should have the ability to start the chat with a candidate, and the candidate should be warned that he has to create a recruiter's profile before chatting with candidates.

❑ HMTPKK-31: As a recruiter, I want to start a chat with a candidate directly from his profile so that I can initiate communication efficiently. USER STORIES TO TEST DESIGN ✓

After clicking on the candidate's card, the candidate's profile should be opened in a new tab

❑ HMTPKK-32: As a recruiter, I want to open a candidate profile in a new tab so that I can review him wi thout losing my search filters. USER STORIES TO TEST DESIGN ✓

The candidate's profile should contain all information about the candidate, but contacts with the candidate should be hidden before the candidate opens it (available only after the chat with a candidate)

❑ HMPKK-33: As a recruiter, I want to see all details about a candidate in their profile so that I can make an appropriate decision. USER STORIES TO TEST DESIGN ✓

Candidate's experience should be sorted from the oldest to the newest positions

❑ HMPKK-34: As a recruiter, I want to see the candidate experience sorted from oldest to newest so that I can understand his career progression better USER STORIES TO TEST DESIGN ✓

3. Sign Up

After entering the email and the password, there should be two options for how to continue registrations: as a recruiter or as a candidate

❑ HMPKK-35: As a user, I want to choose whether to continue registration as a recruiter or as a candidate so that I can access the features for the role that i want work as USER STORIES TO TEST DESIGN ✓

Available APIs for registration: Google, LinkedIn, GitHub.

❑ HMPKK-36: As a user, I want to register via Google, LinkedIn, or GitHub so that I can sign up quickly USER STORIES TO TEST DESIGN ✓

As a recruiter

During the registration process, the recruiter should be able to fill his position, the company, and his contact information.

❑ HMPKK-37: As a recruiter, I want to enter my job position, company name, and contact information during registration so that I can create a verified recruiter profile. USER STORIES TO TEST DESIGN ✓

One of the main stages should be filling in the information about the required candidates:

- the role of the candidate;
- required technologies;
- salary (annual/monthly);
- years of experience;
- English level;
- Timezone or country/city of the candidate.

❑ HMPKK-38: As a recruiter, I want to fill in information about the candidates I am looking for (role, t

technologies, salary, experience, English level, location) so that I can more easily find the candidates that i'm looking for USER STORIES TO TEST DESIGN 

At the end of the registration process, the recruiter should be redirected to the list of candidates.

 HMTPKK-39: As a recruiter, I want to be redirected to the list of candidates after completing registration so that I can immediately start searching for potential talents USER STORIES TO TEST DESIGN 

As a candidate

Stages of registration:

1. Role: info about desired position, tech skills (5-15);
2. Expectations: info about the experience, expected salary (annual or monthly, dollar or euro), English level, and location;
3. Experience: detailed information about experience, should be possible to export from LinkedIn;
4. Bio: info about the achievements of the candidate and expectations from work;
5. Contact Information: avatar, full name, CV to upload, and links to social networks

 H
