💡 Requirements Traceability Matrix - Hundt Web

Project Name:		**Hundt Manual Project**		
#	**Module Name**	**Technical Requirement**	**Test Case ID's**	Total
001	**Main page**	The main page landing. Contains info for recruiters about our product. This page should motivate recruiters to go to the list of candidates and sign up.	C59	1
		The page should contain a comparison with other resources, quotes from the CEO, and logos of partners.	C60	1
		Default main page for all users. Should contain a form for registration by email and social networks (Google, LinkedIn, GitHub), and links to Jobs and Web3 companies.	C63	1
		Authorized users should have a banner with the ad of the mobile app instead of a sign-up form.	C61	1
		At the very bottom of the page, there should be at least 10 feedbacks from real users	C62	1

002	**Candidates list**	The list of candidates should look like a list of cards with info about a candidate.	C18, C24	2
		Filters could be seen by any user, but only authorized users should be able to use them (unauthorized should be able to sign in/sign up by hovering over the filters section). Available filters should be: • Role; • Technologies; • Desired base salary (annual/monthly); • English level; • Candidate's location (Timezone/ Country and City).	C42, C20, C21	3
		Each candidate card should contain a short description of the candidate's skills and achievements. Click on the "Show experience" should open all candidate's experiences.	C22, C23	2
		The recruiter should have the ability to start the chat with a candidate, and the candidate should be warned that he has to create a recruiter's profile before chatting with candidates.	C7, C14, C7, C13, C14,	5
		After clicking on the candidate's card, the candidate's profile should be opened in a new tab	C18	1
		The candidate's profile should contain all information about the	C23	1

		candidate, but contacts with the candidate should be hidden before the candidate opens it (available only after the chat with a candidate)		
		Candidate's experience should be sorted from the oldest to the newest positions	C19	1
003	**Sign Up**	After entering the email and the password, there should be two options for how to continue registrations: as a recruiter or as a candidate	C11	1
		Available APIs for registration: Google, LinkedIn, GitHub	C1, C2, C3	3
		During the registration process, the recruiter should be able to fill his position, the company, and his contact information	C36	1
		As a Recruiter One of the main stages should be filling in the information about the required candidates: • the role of the candidate; • required technologies; • salary (annual/monthly); • years of experience; • English level; • Timezone or country/city of the candidate.	C36, C6, C4, C5	4

		At the end of the registration process, the recruiter should be redirected to the list of candidates	C10	1
		As a candidate Stages of registration: 1. Role: info about desired position, tech skills (5-15); 2. Expectations: info about the experience, expected salary (annual or monthly, dollar or euro), English level, and location; 3. Experience: detailed information about experience, should be possible to export from LinkedIn; 4. Bio: info about the achievements of the candidate and expectations from work; 5. Contact Information: avatar, full name, CV to upload, and links to social networks	C28, C17, C43 C40, C38, C39 C35, C36, C4, C5	10
		After successful registration, users should wait for profile activation by Admins during the next 24-48 hours	C16	1

004	**Sign In**	The Sign In page should have the "Sign up" link which redirects to the "Sign up" page, and the "Forgot the password" link which redirects to the "Forgot password" page.	C12, C9	2
005	**Chats**	Recruiters should be able to initiate a chat with a candidate on the list of candidates and on the candidate profile page.	C7, C14	2
		Before contacting the candidate in the chat, the recruiter shouldn't be able to see the contacts of the candidate.	C8	1
		The candidate should be able to open their contacts or decline the recruiter's proposition and not share contact details	C8, C13	2
		The recruiter should be able to send the offer to the candidate or mark the chat as rejected	C7, C13, C14	3
		To group chats, candidates and recruiters should have the ability to Archive chats or mark them as Favourite	C15	1
006	**Profile**	Users should be able to have candidate and recruiter accounts simultaneously.	C27, C25	2
		After the registration, the user should be able to create a profile of the recruiter or the candidate	C11	1

		In the profile section, the user should be able to: • Edit his profile; • Switch between recruiter/user profiles; • Connect social networks (LinkedIn, GitHub, Google); • Change password.	C30, C29, C37 C28, C43, C40 C38, C39, C41 C26, C35, C27, C25	13
		Users should be able to activate or deactivate their candidate profile in the profile settings	C32, C34, C33 C31	4
007	**Footer**	The footer should contain the following: • "TOP 100 WEB3 COMPANIES" with a preview of the top 5 companies; • 3 columns of vacancies for web3 developers; • links to social networks (LinkedIn, Twitter, Telegram, Signal, Instagram, Facebook); • links to documents, pricing, FAQ, and About us.	C64, C48, C44 C49, C46, C47 C45	7

008	Web3 companies and Jobs	This page should contain a table with 100 web3 companies split by 10 like: • 10/100; • N/100; • 100/100	C50, C64, C48	3
		Each company should have a clickable logo and name. Clicking on it should open a page in a new tab with a list of vacancies for this company.	C50	1
		Authorized users should be able to post a new job manually or using import from ATS	C52, C51	2
		Applying with 1 click should be available for authorized users	C53, C54	2
		To filter vacancies users should have filters with skills	C56	1
		Unauthorized users should only be able to observe some vacancies and after clicking on [View more] should be suggested to sign in	C53, C55	2
		At the very bottom of the page users should have the ability to subscribe to vacancies using the form with the fields: • Desired roles; • Experience; • Email.	C57, C58	2
008	Web3 companies and Jobs
